Directions: Circle all the courses below that you will be taking next year. You must have also selected these courses on your registration form. Placement in specific zero period courses cannot be guaranteed. You will be selecting courses to fill 8 periods instead of 7 on your registration form. You must write "extra course" on your registration form next to the course that you want to drop if zero period has to be cancelled. You must also check "**ZERO PERIOD**" on the registration form.
